

# Pharmacy audits are on the rise.

Do you have all the necessary Compliance Programs in place if an auditor comes into your location?

The PRS Compliance Programs have been developed to meet the requirements of all the regulatory issues pharmacy owners face in the industry.

## HIPAA Compliance Program:

Increased regulation and enforcement means HIPAA compliance has become more pressing than ever. Our program provides reliable policies and procedures, as well as instructions on implementation. **On-site consultation available.**

## Medicare Fraud, Waste and Abuse:

This program contains Policies and procedures as well as the required training in order to comply with Medicare Part D Fraud, Waste and Abuse prevention. For NY pharmacies, the Medicare & New York Medicaid Fraud, Waste and Abuse program.

## Pharmacy Quality Assurance Policy:

A quality assurance policy is good business. It is required by all Part D plans, many states and PBMs. State specific versions are available.

## Retail Pharmacy Policy and Procedure Program:

Protect yourself from audits by having implemented pharmacy operations policies and procedures. This manual will help you maintain compliance and act as a standardizing training tool. Training can be complimented with the **PRS Employee Handbook.**

## DMEPOS Accreditation Program:

DMEPOS Accreditation is required to bill Medicare by all non-exempt pharmacies. In addition, some state Medicaid and private insurances require it as well. Becoming DMEPOS Accredited can help you maintain your current patient base while gaining you access to more. **On-site assistance available.**

201 Depot Street, Suite 200  
Latrobe, PA 15650  
Toll Free: 800-338-3688  
Fax: 724-539-1388  
[www.prsrx.com](http://www.prsrx.com)

## Pharmacy Technician Policy and Procedures:

These standard policies and procedures will assist your pharmacy technicians in understanding their respective roles within the pharmacy
