

Tell Us What You Think!

What are your community pharmacy priorities for 2018?

Share your thoughts
with us by taking a
5-minute survey.

As a member organization, NCPA wants to align our efforts and resources with the issues that are most important to **YOU**. There's no shortage of issues for NCPA to focus its attention on, but **we need your help**. As an NCPA member and a community pharmacy owner/manager, your input will be used to determine where NCPA allocates its efforts in 2018. Share your priorities with us.

Take the survey at:
